Put it in Writing

Who will speak for you if you are unable to speak for yourself?

An Advance Directive is a document stating your health care choices/wishes and naming someone to make decisions for you when you cannot.

MMC’s Social Service staff will be offering discussions on Advance Directives including Living Wills and Power of Attorney for Healthcare documents.

Forms will be available for participants to take home to discuss with family members. MMC social workers will be able to assist people, by appointment, if they wish to complete the documents.
